STRICKEN WHILE AT WORK

William Webb, of South Filmore Avenue, Suffered a Paralytic Stroke in the Briggs Shaft.

Yesterday morning William Webb, of 110 South Filmore Avenue, employed as a laborer at the Briggs shaft, went to his work apparently perfectly well. Later in the morning, about 10:30 o'clock, he complained of feeling ill and stopped working. He had reached the foot of the shaft and was waiting to be hoisted when he was stricken with a paralytic stroke. His fellow workmen hastily removed him to his home and physicians were summoned. Drs. J. J. Carroll, J. J. Roberts, M. J. Williams and B. G. Beddoe did all that medical skill could suggest, but their efforts were of no avail.

The stricken man never regained consciousness and died at 4 o'clock. He is survived by a wife and several children, who were solely dependant upon him.

Both ladies were attired in appropriate costumes. OBITUARY.

The death of Mrs. Isabella Van Hoesen, wife of L. E. Van Hoesen, of the Methodist Episcopal church, of Avoca, occurred yesterday afternoon at 4 o'clock. Deceased was 24 years of age and was a daughter of Mr. and Mrs. Pace, of Avoca, Luzerne county. Several months ago she contracted a severe cold, which developed into consumption. During her residence in Avoca she made many friends and was one of the most energetic members of the church until failing health prevented her from doing active work. Throughout her fatal illness she was patient and cheerful, notwithstanding her extreme suffering. Besides her husband she is survived by two small children. The funeral will take place on Saturday. Interment will be made at Aska.

Sometimes a burglar only succeeds in damaging the lock of a safe so that the combination won't work. Next morning the bank officers can't get at their own money. There may be millions in the safe, but they are locked up and getting at it in a hurry they would be bankrupt, simply because the combination won't work.

A sick man is in very much the same fix about getting at the nourishment he needs to keep him alive. There is plenty of good food at hand, but his digestive organism is out of order, the nutritive "combination" of his system won't work. He can't possibly get at the nourishment contained in the food. He takes it into his stomach, but it does him no good. It isn't made into good blood. He is just as badly off as if the food was locked up where he couldn't touch it. He gets no strength or health out of it.

All these mal-nutritive conditions have a perfect and scientific remedy in Dr. Pierce's Golden Medical Discovery. It puts the nutritive "combination" of the system into perfect working order. It gives the digestive and blood-making organs power to make pure, red, healthy blood, and pour it into the circulation abundantly and rapidly. It drives out all biliousness, poisons and serious germs, cures indigestion, liver complaint, nervousness and neuralgia, and builds up solid, flesh, active power and nerve force.

Mrs. Rebecca P. Gardner, of Grafton, York Co., Va., writes: "I was so sick with dyspepsia that I could not eat anything for over four months. I had to starve myself, as nothing would stay on my stomach. I was so badly off I could not eat even a cracker. I thought I was going to die. I weighed only 80 pounds. I tried almost everything, and nothing did me any good until I took two bottles of the Golden Medical Discovery. I am now as well as I ever was, and weigh 125 pounds."
